INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
United Mitochondrial Disease Foundation, Inc.

We have audited the accompanying financial statements of the United Mitochondrial Disease Foundation, Inc. (the "Foundation") (a nonprofit organization), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Trustees of the
United Mitochondrial Disease Foundation, Inc.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2014 AND 2013**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Activities

The United Mitochondrial Disease Foundation, Inc. (“the Foundation”) was organized on April 28, 1995, and is the result of a merger between a number of specific Mitochondrial disease organizations to form a larger, more cohesive united foundation representing all mitochondrial diseases and all sufferers, adult and children alike. The Foundation’s mission is to promote research for cures and treatments of mitochondrial disorders and to provide support to affected families.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables, and other liabilities.

Financial Statement Presentation

The Foundation’s financial statements are prepared in accordance with FASB ASC 958-210. Under FASB ASC 958-210, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

Contributions

Contributions received are recorded as unrestricted or temporarily restricted net assets depending on the existence or nature of any donor restrictions.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Foundation considers all highly liquid investments with an initial maturity of one year or less to be cash equivalents. For the years ended June 30, 2014 and 2013, the Foundation had no noncash investing or financing activities for cash flow purposes.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Accounts Receivable

Accounts receivable are evaluated regularly for collectability. If an account becomes uncollectible, an expense will be recognized. No allowance for doubtful accounts is considered necessary.

Inventories

Inventories consist of merchandise and are stated at the lower of cost (first-in-first-out) or market.

FOR THE YEARS ENDED JUNE 30, 2014 AND 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Investments

The Foundation records investments in accordance with FASB ASC 958-320. Under FASB ASC 958-320, investments are presented at their fair value, which is established using the fair value hierarchy (See Note 3).

Fixed Assets

Fixed assets are recorded at cost and depreciated using the straight-line method over estimated useful lives of 3 to 10 years. Depreciation expense, totaling \$40,070 and \$16,937 for the years ended June 30, 2014 and 2013, respectively, is allocated to the various activities based on usage.

Revenue and Expense Recognition

Income from membership dues and program service fees are deferred and recognized over the periods to which the specific types of income relate. Costs and expenses related to such activities are also deferred as prepaid expenses and recognized in the period when the programs are held.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Tax Status

The Foundation is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Foundation's tax-exempt purpose is subject to taxation as unrelated business income. For the years ended June 30, 2014 and 2013, the Foundation had no such income. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(1).

The Forms 990, *Return of Organization Exempt from Income Tax*, of the Foundation are subject to examination by the IRS, generally for three years after they were filed.

Concentration of Credit Risk

Financial instruments which potentially subject the organization to a concentration of credit risk consist principally of cash, temporary cash investments and marketable securities. The cash, temporary cash investments and marketable security accounts of the organization are maintained at high quality financial institutions. At times such accounts may be in excess of FDIC insurance limits, but pose no significant concentration of credit risk.

Subsequent Events

Management has evaluated subsequent events through February 6, 2015, the date on which the financial statements were available to be issued.

2. DESCRIPTION OF MAJOR PROGRAMS

Research

The Foundation is committed to finding treatments and cures for mitochondrial disease and believes research is the path to success. Since 1996 the Foundation has been providing research grants in order to advance the cause of research into mitochondrial disease.

Public Awareness

The Foundation is raising awareness among clinicians, pediatricians, general practitioners, and other allied health professionals through exhibition at annual medical meetings and its "Grand Rounds" lecture series at hospitals around the country. The Foundation has also produced "Mito 101" an interactive CD to educate primary care physicals and pediatricians about mitochondrial diseases and "MitoFirst" a handbook for newly diagnosed patients and their physicians.

Education/Member Support

The Foundation creates caring, supportive communities across the nation for adults, children and families suffering from mitochondrial disease through their local chapters and affiliated groups and ambassadors. This allows foundation members to network with other families and individuals to talk about mitochondrial disorders. The Foundation also keeps members updated with the latest treatment advances and information through a quarterly newsletter.

3. GRANTS RECEIVABLE

Grants receivable consist of the following:

	<u>2014</u>	<u>2013</u>
Amounts due from Mitocon	\$ 25,200	\$ 72,000

Aging of grants receivable is as follows:

The Foundation has received a conditional pledge from The J. Willard and Alice S. Marriott Foundation. As of June 30, 2014 the outstanding amount owed on the pledge was \$802,793. Accordingly, the Foundation will record the pledge in revenue when the conditions have been satisfied.

5. INVESTMENTS

Investments at June 30, 2014 are summarized as follows:

	<u>Cost Basis</u>	<u>Gross Unrealized Gains</u>	<u>Gross Unrealized Losses</u>	<u>Fair Market Value</u>
Mutual funds	<u>\$ 1,406,036</u>	<u>\$413,982</u>	<u>\$ 0</u>	<u>\$ 1,820,018</u>

Investments at June 30, 2013 are summarized as follows:

	<u>Cost Basis</u>	<u>Gross Unrealized Gains</u>	<u>Gross Unrealized Losses</u>	<u>Fair Market Value</u>
Mutual funds	\$ 1,292,896	\$290,919	\$ 0	\$ 1,583,815

Total investments	<u>\$ 1,293,415</u>	<u>\$290,941</u>	<u>\$ 0</u>	<u>\$ 1,584,356</u>

Fair Value Measurements

Generally accepted accounting principles (GAAP) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Company uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Company measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The fair values of the mutual funds are Level 1 inputs. No Level 2 or Level 3 inputs were available to the Company.
